Now more than ever, the important work of this clinical research community requires collaboration and innovation. In its 15th year of fostering these goals, SCOPE Summit will take place February 11-14, 2024, in Orlando, FL, at the Rosen Shingle Creek. The programming focuses on advances and innovative solutions in all aspects of clinical trial innovation, planning, management, and operations. SCOPE 2023 attracted more than 3,300 leaders in clinical operations and research, and all conference tracks will feature best practice case studies relevant to clinical operations experts and those new to the field.
